

fitbit ace ³

Turn up the fun on fitness with Fitbit Ace 3, the activity tracker that motivates kids 6+ and their friends and family to build healthy habits together with activity & sleep duration tracking, fun challenges, 8 days of battery and more.²

Build healthy habits as a family

Track every move, skip and jump, compete in challenges and cheer each other on. The family account in the Fitbit app lets parents view kids' activity and approve connections.⁵

Keep kids moving and grooving

This water resistant tracker pumps up playtime with animated clock faces and celebrations. Plus, Kid View lets kids see their stats, badges and clock faces in the Fitbit app.¹

Make bedtime the best time

A quiet buzzing on the wrist acts as a bedtime reminder or a gentle morning alarm, plus sleep duration tracking lets parents check to see if kids are getting the amount of rest they need.

Features to keep families inspired together

8 DAY BATTERY

With a long battery life, Ace 3 lets kids spend less time charging and more time moving.²

SLEEP TRACKING

Ace 3 lets parents know if kids are getting the ideal amount of rest they need, since good sleep habits play a big role in their health.⁴

FAMILY CHALLENGES

Kids can challenge their family to fun step competitions and send each other messages or cheers right in the Fitbit app.

TIMER & STOPWATCH

A handy on-wrist timer and stopwatch makes it easy for kids to test their speed during competitive races down the block, time handstands in the pool and more.

COMFY & SECURE

Designed with kids in mind, Fitbit Ace 3 was built for up, down, all-round action with a comfortable silicone band and secure, adjustable clasp.

CLOCK FACES

Ace 3 makes fitness fun with animated clock face characters that change and grow as kids make progress toward their goals throughout the day.

BEDTIME REMINDERS & ALARMS

Use the Fitbit app to schedule bedtime reminders and silent alarms that gently wake kids with quiet buzzing on their wrists.

FUN INCENTIVES

With virtual badges, animated clock faces and personalised avatars, kids have motivation to get moving with the family and find ways to beat their buds.

CALL ALERTS

Kids who own a smartphone will love getting call notifications on their wrists—and parents will love how much easier it is to get in touch. *Available when phone is nearby.*

BANDS & ACCESSORIES

Kids can express their unique style by switching out their band with interchangeable accessories. *Sold separately.*

ALL-DAY ACTIVITY TRACKING

Ace 3 tracks all-day steps, and active minutes show how every move, skip and jump adds up to a healthier, more active life.

WATER RESISTANT

Spills and splashes don't stand a chance—kids can wear this tracker in the pool and ocean.¹

REMINDERS TO MOVE

In the Fitbit app, parents can set friendly on-wrist reminders for kids to move & stretch their legs if they've been sitting still for too long.

STREAMLINED DESIGN & TOUCHSCREEN

With a sleek, streamlined design and backlit display, it's easy for kids to navigate and see stats.

60 MINUTES OF ACTIVITY

The WHO recommends kids get 60 minutes of daily physical activity, so Ace 3 includes a 1-hour active minutes goal that can be customised in the app.³

Family Account

Parents are required to set up a Family Account in the Fitbit app, where they manage their device and their kids' in one easy place.⁵

PARENT VIEW

Parents must set up a family account in the Fitbit app, which allows them to see their kids' activity and approve their connections in Parent View.

KID VIEW

Parents have the option to set up accounts for their kids and enable Kid View, where kids 6+ can see their stats, badges and clock faces.⁵
