* Battery level 🔋, 🔋 Battery level 0-30%, 🔋 Battery level 30-60%, 🔋 Battery level 60%-100%

Tips

1. Apply the mascara to the root of the eyelashes and move it to the tip of the eyelashes quickly, repeating this action;
2. Preheat the eyelash curling instrument, stick the preheated rotating brush head to the root of the eyelashes for 3 seconds to set;
3. Move the brush head of instrument from the root of the eyelashes to the tip of the eyelashes, repeat 3-5 times to form a curl;
4. Apply the eyelash curler brush head to the tip of the eyelashes for 3 seconds to create a natural curl.

Common problem

If problems are found during use, please refer to the following table to check for abnormalities. If the problem cannot be solved, please contact after-sales service.

1. How long can it be used on one charge?

Answer: According to the calculation of 5 minutes per use, it can be used more than 12 times per full charge.

2. Will it burn your eyes during use?

A: The safety issues have been taken into consideration in product design. The product has anti-scald design, and at the same time, anti-scald comb can comb the eyelashes, making the eyelashes smoother and tidy.

3. Can mascara be used with eyelash curler?

A: It is recommended to use the eyelash curler with mascara for better results. Mascara can not only protect the eyelashes, but also set longer.

4. Using eyelash curler, how much better temperature?

A: The eyelashes are thicker and harder than other hairs. It needs to reach a certain temperature to have an effect. Usually the temperature is above 70 °C. The effect is better; when heating the eyelashes, repeat 3-5 times to set the eyelashes. The effect is better.

5. How to clean after use?

Answer: After use, mascara will contaminate the product; after each use, try to clean it with cleaning brush or cotton swabs, so as not to affect the next use.

After-sale and service

1. inFace provides a one-year warranty for products service standard. The warranty period starts from the date of purchase.
2. During the warranty period, for the failure of the product due to defects in the material or production process, we will replace the parts or the entire product as appropriate.
